

Agape Village — An Integrated Social Service Hub

Agape Village is an initiative of **Caritas Singapore**, the social mission arm of the Catholic Church in Singapore. Caritas Singapore brings together the resources of 27 Catholic charities and social service organisations whose work has touched the lives of many **regardless of race or religion**.

At Agape Village, we seek to partner and empower the community, especially the poor, the marginalised, and people limited by difficult circumstances.

We look to tap on available resources and strengths within an individual or family, so that with support from the 27 organisations, it is possible find a dignified and sustainable way to move forward with independence and freedom.

The services represented at this one-stop hub are integrated to meet the multiple needs of an individual or family, providing holistic and coordinated care. These include skills training, financial support, counselling, respite care for caregivers, and a day activity centre for adults with special needs.
