

A warm welcome to our very first issue of *Caritas in Mission*! This quarterly newsletter is inspired by the words of Pope Benedict XVI, "Charity is at the heart of the Church's social doctrine" (Civ 2).

Caritas in Mission highlights the social mission efforts of Caritas Singapore and its member organisations in Singapore in view of the "signs of the times". This newsletter sheds light on current social issues as well as opportunities where you and I, fueled by charity, can act to fulfil the Church's mission, which is also our mission.

This first issue helps us share with you about Caritas Singapore; where we serve and how we welcome people of all faith, not just fellow Catholics. The subsequent issues will bring you closer to the ground, highlighting the work done by our member organisations to reach out and serve people in need. You will also read about upcoming programmes and opportunities where you can respond by participating or volunteering.

The arrival of the European missionaries in Singapore in the 1830s marked the start of the Catholic Church's effort to the people in areas such as education, employment, outreach to the marginalised, spiritual formation, and many more.

Through *Caritas in Mission*, we hope that each of us will grow in mission-mindedness and solidarity with our brothers and sisters; continuing this relentless effort of service through the parishes, Catholic organisations, in the marketplace and through our daily witnessing as Catholics in society.

Together, we can increase the impact and deepen the desire to live out our social mission as a Catholic community!

Ms Janet Ang, Chairman, Caritas Singapore

"If I can help at least one person to have a better life, that already justifies the offering of my life."

– Pope Francis

A STORY FROM AGAPE VILLAGE

Mdm Lee*, 50, lives in a 2-room HDB flat with her husband and six children. Mr Lee has a history of substance abuse and domestic violence. Although Mdm Lee held several odd jobs, she barely earned \$1,000 a month. In early 2017, Mdm Lee was referred to Agape Village after a particularly bad domestic abuse incident. A social worker was assigned to Mdm Lee, and her care plan was developed through the collaboration of three member organisations. Regular sessions with a dedicated

social worker from Catholic Welfare Services (CWS) improved Mdm Lee's parenting and communication skills and in turn, her relationship with her children. Mdm Lee was supported with interim financial assistance, food rations and a successful appeal by CWS to reduce her outstanding housing and utility bills. She found a listening ear in the befriender from Society of St Vincent de Paul. Mdm Lee and her family also gained access to subsidised medical and dental services provided by professionals at the Mount Alvernia outreach clinics at Agape Village.

Mdm Lee's situation and that of her family have improved. She has come a long way by taking that first step into Agape Village.

CARITAS IS CHARITY

Caritas Singapore is the official social and community arm of the Catholic Church in Singapore and the umbrella body to 25 Catholic organisations, known as member organisations (MOs). Together with our MOs and Agape Village, we offer an array of social services and programmes to various groups across the island; serving regardless of race and religion. We also advocate for the vulnerable, and offer faith formation programmes in parishes and beyond.

Caritas Singapore is a member of Caritas Internationalis, a global confederation of 165 humanitarian organisations and the National Council of Social Service.

AGAPE VILLAGE

An initiative by Caritas Singapore, Agape Village (AV), is a one-stop integrated social service hub. We seek to partner and empower the poor and the marginalised regardless of race, religion and nationality.

Officially opened in November 2015 by Archbishop William Goh, AV provides a unique model made possible by having 14 MOs under one roof. This promotes efficiency in response, facilitates collaboration, synergises and leverages on the myriad of expertise across the MOs to offer holistic care to the clients.

AV also works with other MOs, government agencies and community partners with the belief that together, we can serve better!

A UNIQUE CARE MODEL

An individual or a family in distress meets with our social worker at AV who works to understand their situation and needs. The family does not have to repeat their story or go around the island to seek different support and services.

An integrated care plan is developed for the family by the social worker in collaboration with other social service and healthcare professionals, within and beyond AV. They provide the required services and support whilst journeying with the family.

In partnership with the family, the care plan is implemented, periodically reviewed and fine-tuned, until the family is empowered to move forward.
