

Dear Friends of Caritas,

We are aware of the revised Advisory Guidelines on the PDPA for NRIC and other National Identification Numbers that the Personal Data Protection Commission (PDPC) issued on 31 August 2018, and are in the midst of reviewing our website, forms, and policies to adhere to these guidelines.

We seek your understanding that we are continuing with the collection of NRIC numbers/Work permit numbers while we enhance our website and other platforms.

We expect to effect these changes within the next few months, to be completed by 31 August 2019.

We assure you that we will undertake proper safeguarding measures to protect all your personal data under our care.

Contact us at 63384338 or email dpo@caritas-singapore.org should you have any queries or concerns.

Thank you for your understanding, and we look forward to your continuous support.

Regards,

Patrick Suen
Data Protection Officer
